### **Shooter Handicap**

All shooters will be given a handicap after the seventh night of shooting based on the average of 3 nights of shooting. The 3 weeks to be utilized for handicapping will be chosen by picking numbers out of hat. This will keep anyone from sand-bagging to get a higher handicap. All shooters scores will be handicapped to 93. For example if you shoot an average of 70 on the 3 chosen evenings, you will be given a handicap of 23 for each night of the league. When a shooter shoots above a 93 only the raw score will be counted.

### **Dinner and Social Hour after Shooting**

Each night after shooting we will have cook your own hamburgers, side, and soft drinks available. Also, please check the "I Want Dinner List" at the front desk when you check in before shooting. Cost of dinner will be minimal, \$5, just enough to cover costs. Please pay for this at the same time you pay the nightly shooting fees. Beverages will be available for donation.

### **Nightly Lewis Class Payouts**

\$5 form each nights entry fees will be paid pack to A, B, C and D Classes, all Classes have even money splits (no one class more than another). \$400 nightly payout based off 80 shooters, \$100 per class.

1. When all shooting is completed, list all scores in descending score order.
