### PRESIDENT'S MESSAGE

This is the time of year when many less-active shooters finally get to the range in preparation for the coming hunting seasons and the rear-around shooters transition from the range to the field. This year in particular, safety has to be a top priority. First, never let more activity translate to less attention to the basic tenants of firearm safety. This late summer and fall make your list of safe practices also include attention to dry weather that can turn to wildfire both on the club grounds and in the field. Finally, make sure you are taking precautions to stay virus-free and healthy so your days at the range and in the field make this year memorable for its outdoor time instead of the rest of the mess in our lives.

**Please note that they club will open the big-bore range for a public sight-in day on Sunday, September 20<sup>th</sup> from 8AM to 4 PM. Range safety officers will be on hand all day to keep the range safe and answer questions. Donations of non-perishable food items will be collected.**

**Bob Gibson** ([contact the Club President](#))

### ARCHERY

The Archery Division is on a break until after hunting season. They will meet again on Thursday, November 12<sup>th</sup> at 7 PM for a Division meeting and elections.
