PRESIDENT'S MESSAGE

Continuing with a little history, a couple of the past presidents emailed congratulations to me on being elected president and one of them; Harold Kelso, included some of his memories of past events at our club. This back and forth ended up with us wondering if an actual history has been kept of the club, so we are checking. I believe one exists and maybe we should update it. In line with those thoughts, maybe some of you have memories of favorite club activities that you enjoyed participating in that you would like to share or possibly resurrect. This Billings Rod and Gun Club is not just a gun range or an archery range or a shotgun field, it is much more, it is a club, each of you are members of this club. I know the board members and especially myself, feel privileged to be a part of this fine club. If you have ideas for a club activity, or memories of favorite club activities from years gone by, please send them to my email address which appears on this newsletter. But... beware, you may just end up organizing your favorite activity and become an integral part of our club.
