PRESIDENT’S MESSAGE

FIRE! HEAT! SAFETY! Safety is always first, but this time we will address it last. PLEASE, be fire aware, the club is tinder dry and ready to explode. We have taken down the gongs on the bench rest range to prevent sparks from starting a fire (yes, High powered rifles make sparks when they strike steel). Also look for additional **fire extinguishers** soon to be placed strategically on our ranges. **The fire wagon water tank, near the main club house**, has been filled and the pump and motor checked out and hooked up. All these precautions are important, but you, as a member of our club are the most important link, please, stop and think, be fire aware, both of your actions and other members actions (always treat fellow members with respect). Together, we can make it through this long fire season without shutting our club down.

HEAT, take care of yourself and others during these high heat days on the range. Drink plenty of water and be like an old dog, hunt shade at every opportunity!

SAFETY, please be muzzle aware at all times, including being aware of Rehberg Ranch residents and not allowing your muzzle to point in their direction while on the bench rest range. Thank You all for helping our club a little extra this summer. Enjoy and be thoughtful of our ongoing situation with FIRE, HEAT & SAFETY.

ARCHERY

Archery will hold their next monthly meeting on Thursday, August 12th at 7 PM. All members are welcome to attend.

There are new targets up on all 28 of the Canyon Field Course target backings. Also, the safety fences are complete and look good!

Archery season is only a month and a half away, so the courses are starting to get busy. Be careful out there.
