PRESIDENT’S MESSAGE

It is now officially SUMMER. As I write this, the solstice has just passed, and we like the Druids and other ancients should celebrate too. The flood waters will recede, the hoppers will hit the rivers, and your bow needs to go for a walk on our archery course, better take your bear gun to the range for a little practice before backpacking and how about a little shot gunning for you and the family. While you are at it look around your neighborhood and see if there is a young person or two that you can take to the club and introduce them to the pleasures of shooting. Three months, twelve short weeks until the fall equinox, make the most of it!!

BE SAFE - STAY ON DESIGNATED TRAILS, ROADS, SHOOTING STATIONS & IN BERMED RANGES

Back in 2010, the club adopted the MASTER PLAN to develop the club property to best suit the needs of the growing membership. Many changes have been made to THAT plan over the years but the end result is that nearly all the club ground is now being used as ranges and as safety/fallout zones for those ranges.

It is imperative and now a BRGC Range Rule that members and their guests remain on designated trails, roads, shooting stations and in bermed ranges. Don't put yourself, your guests or your BRGC membership at risk by walking off trail or in/beyond the safety/fallout zones for any activity unless duly authorized.

ARCHERY

The 3D shoot on June 11th went very well with 60 plus shooters! The Archery Division will be having its next monthly meeting on July 14th at 7pm at the main club house. Work has been progressing on replacement of worn-out target butts, thanks for the help, John Collins and Rob Miller! Just a reminder to all archers if you see a target shot out, please do not hesitate to find Wendy and let her know or even better volunteer to put a new paper target up on the bale.
