PRESIDENT'S MESSAGE

By the time you are reading this message, October will be here with all the excitement that another hunting season brings to many of us in Montana. If you haven't done so already, make sure to visit the big bore range to check the zero on your rifle before heading into the field. We want to be responsible, ethical hunters and knowing where our bullets hit at different distances is important for making that clean shot. We will have range safety officers on the big bore range on weekends through October to oversee the range and to help out.

This is also the time of year when the BRGC divisions and the club itself begin holding elections. Each of the four divisions – archery, rifle/pistol, skeet, and sporting clays – will hold elections for division officers over the next month or two, and the club election of officers and directors will take place at the beginning of December. Watch the newsletter for the dates of the elections and please consider taking a more active role in the club by attending these meetings. Even if you are not yet ready to run for a position, the club is always looking for new people to become more involved.

BRGC NEWSLETTER – NOTICE TO MEMBERS WHO RECEIVE MAILED COPY

Starting with the January 2025 newsletter, we will no longer be mailing a copy of the monthly BRGC newsletter. Members who do not have an email address in their membership record are encouraged to provide one so they can receive the electronic version of the newsletter and weekly range eblasts. Printed copies will be available in the brochure holders located in the front entrance gate shack and near the pop machines at the main clubhouse. They can also be downloaded from the club's website.
