PRESIDENT'S MESSAGE

Over the last few months, we have noticed an increase in the amount of damage done to club facilities. This includes damage to the access gates mentioned previously and, more recently, damage done to the steps leading to the big bore range. We realize that accidents happen but please, if you accidentally damage something, let the caretaker know so that we can get it repaired in a timely manner. The club investigated these incidents but is not 100% successful in identifying the member or guest responsible. Damage to the facility will not be tolerated and may result in additional levels of security being implemented. If you see something, say something.

On a lighter note, one of our members was utilizing the rifle range recently and had forgotten their spotting scope at home. Another member that was using the range was kind enough to let them use their glass and even assisted in calling shots. This act of kindness and camaraderie is the type of behavior we should be calling out. Thank you to those that offer a hand to other members.
